

# Introducing our new integration partnership!

**Helping enhance schools efficiency, security, and learning outcomes.**

Together, we are focused on improving the educational experience for students and staff. By focusing on safe and efficient data sharing, we are committed to saving time, improving security, and enhancing learning across schools.

## This partnership provides you with:

### Improved control

Schools retain complete control and visibility over the data they share, including who has access and for how long.

### Scalability

Our partnership supports your growth and evolving needs, allowing easy scaling to accommodate changes.

### Enhanced security

Secure transfer of student and staff data ensures compliance with data protection regulations, safeguarding your community.

### Time savings

Automated processes and real-time updates managed through a single portal allow you to focus on what truly matters—supporting your students.

### Automatic data synchronisation

Seamlessly integrate with your Management Information Systems (MIS) to enable smooth data flow without the need for manual data entry.

### Support and maintenance

Access dedicated support teams for assistance with technical issues and integration challenges, ensuring smooth operation.

# About Wonde

Trusted by over 30,000 schools, Wonde provides the safe and secure sharing of relevant data with chosen third-party applications.

Manual processing of school data is insecure, time-consuming, and prone to errors. Wonde's solution automates data sharing with approved third-party applications, eliminating the need for manual updates or CSV uploads.

## Why choose Wonde

### Simple yet powerful

Our intuitive solution is easy to understand and manage, empowering schools to operate more efficiently.

### Meet data protection obligations

Integrated processes ensure compliance with legal and regulatory data protection requirements.

### Easy to integrate

Enjoy the flexibility to accommodate any application, ensuring seamless integration and operation.

Schools always control the data they share, the applications they choose to share it with, and the frequency of sharing.

"We would always use Wonde - we love how simple and easy it is to use, there is no better platform."

**Matt Jones**

St. Francis & St. Clare Catholic MAC

"The Wonde platform has exceeded expectations. It's a simple system that makes life easier. The ability to extract information automatically and know it was accurate and timely meant our school can focus on other things."

**Mrs C Khan**

Headteacher Oakfield Community Primary School
